20170426 YMS CMU Presentation to EPA v16.pptx

Hi Harry,

Attached is the ARC presentation for today's discussion.

Jeff is out sick right now, but he will call in for this morning anyway.

Did he provide you with the call in number?

What time are you available, and what time will you have to ring off?

Reason I ask is I want to make sure you get enough time to hear the primary discussion and focus.

Due to the size of some of the engineering drawings for the afternoon session, the pptx is too large to email the full thing, so I cut it back to just the slides for the morning session with you.

Even just the first half is fairly large –hopefully you can accept a 13Mb file.

If you decide you do want the engineering drawing slides we can always provide them to you later.

Thanks,

Jeryl
